

## Lexmark Authorized Dealer for New and Factory Reconditioned Toner Cartridges

Keep your pharmacies up and running with Genuine Lexmark brand toner cartridges. Increase productivity, maximize uptime, and improve patient care by using only Lexmark brand toner cartridges. Pharmacy Automation Supplies is one of only a few dealers authorized to distribute both New and Genuine Lexmark Factory Reconditioned Toner Cartridges to pharmacies currently using non-Lexmark brand remanufactured toner cartridges. Pharmacy Automation Supplies keeps a large inventory of cartridges in-stock to ensure availability when you need toner.

### Many Ways to Save Money Using Lexmark Brand Cartridges:

- Buy fewer cartridges annually. You may pay a little more for an original Lexmark brand toner cartridge but realize higher yields when compared to many generic brands resulting in purchasing fewer cartridges
- Reduce reprinting pharmacy labels because of poor quality prints
- Eliminate premature printer fuser replacement and reduce fuser jams
- Prepaid return shipping label included in every cartridge box to return empty back to Lexmark's recycling center

We're confident that you'll be pleased with the overall performance of original Lexmark Certified

Factory Reconditioned Toner Cartridges for prescription label and patient leaflet printing.

### Every Lexmark Brand Factory Reconditioned Toner Cartridges:

- Uses genuine Lexmark toner developed specifically for the printer model
- Uses genuine Lexmark parts designed specifically for the printer model
- Has page yields equivalent to Lexmark new cartridges based on industry standard ISO/IEC testing standards
- Has the same lifetime warranty as new cartridges, with actual warranty return rates less than 1%
- Ships with a Lexmark designed fuser wiper to ensure high-quality prescription label and patient leaflet printing
- Prevents adhesive build-up from printing labels
- Reduces unnecessary parts and labor costs for premature fuser replacements

Pharmacy Automation Supplies (PAS) is a leader in print manufacturing and labeling solutions as well as packaging supplies distribution to retail, hospital, inpatient & outpatient, specialty, and long term care pharmacies. For more information please visit our website or contact client services.
